- Space 40 -50 cm apart
- Regular and deep watering
- Harvest when the head has fully developed, between 14-18 weeks

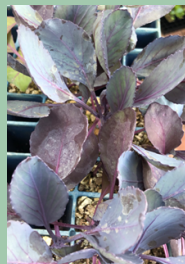

CELERY

- Full sun or part shade
- Space 20-25cm apart
- Water & feed regularly
- Harvest in 14 weeks

BROCCOLI

- Full sun
- Space 40 -50 cm apart
- Water and feed regularly
- Harvest in 16-20 weeks

CABBAGE

- Full sun
- Space 30-40 cm apart
- Harvest in 8-10 weeks

DON'T FORGET

Hand water your seedlings daily and keep an eye out for snails eating your soft new growth!

Keep up to date on our next seedling release by following us on Facebook or Instagram or subscribing to our newsletter. Thank you for supporting a local, family-run business.
